

CONTINUOUS ORACLE LEARNING

Oracle technology is evolving faster than ever and it is important that teams have the knowledge and skills needed to stay ahead of the curve. Continuous learning gives you that edge and allows Oracle professionals to learn what they need, when they need it and wherever they are.

INTRODUCING THE ORACLE UNLIMITED LEARNING SUBSCRIPTION

The Oracle Unlimited Learning Subscription includes one year of access to all of Oracle's Training On Demand video courses for in- depth product training, all of Oracle's Learning Streams for fresh product content from Oracle experts, live connections with Oracle's top instructors and dedicated labs for hands-on practice.

Training on Demand Courses

Learning Streams

Hands-On Labs

Connect Live with Instructors

Training your staff has never been easier. Now you can give everyone in your organization - regardless of their experience level - the same opportunity to continuously learn and connect with Oracle Experts.

Top Benefits for you and your teams

- Learn continuously beyond the classroom
- Digital access for anytime learning, for all skill levels and from anywhere
- Practice using Oracle technology in a safe lab environment
- Maximize your budget while ensuring everyone in the team can receive the training they need, right when they need it
- Simplify planning and budgeting with a subscription-based training model

EVERY ORACLE UNLIMITED LEARNING SUBSCRIPTION INCLUDES:

Unlimited access to Training On Demand courses

Build new skills with in-depth training

Training On Demand video courses offer in-depth product training delivered by our best instructors.

- Get the same experience as you would get in the classroom
- Learn at your own pace with options to choose lessons, search, fast-forward and rewind
- Includes access to complete course eKits and activity guides for hands-on practice

Unlimited access to Learning Streams

Keep your skills current with continuous learning

Oracle Learning Streams provide one year of unlimited access to:

- Hundreds of videos delivered by Oracle experts for fresh and continuous product learning
- Live connections with Oracle's top instructors
- Robust video search capability to find exactly what you are looking for
- Features that allow you to build your own custom learning queue and request new content

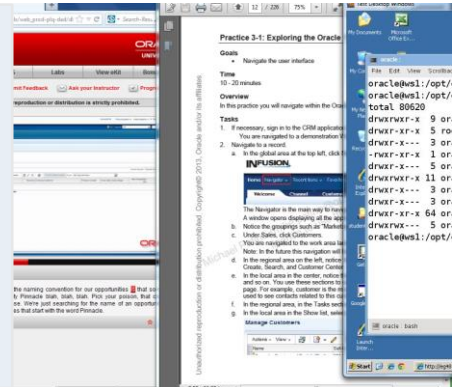

Access to hands-on lab environments

Solidify your knowledge and practice your skills

Dedicated Lab Access allows you to apply what you have learned.

- Scheduled in 6-day increments
- One lab per user at a time
- Detailed activity guides to help guide your learning experience as you practice what you have learned.

Connect live with Oracle instructors

Connect directly and get answers quickly

Connect and interact with instructors during office hours making it easier to understand those tricky learning concepts:

- Ask your questions on any topic area and get answers from our top instructors
- Multiple ways to connect: Forums, Office Hours and through Meet the Expert events
- Available in multiple languages and time zones
